Medical Home is an approach to pediatric health care whereby children with special health care needs receive their medical and non-medical support services in a comprehensive, coordinated and compassionate fashion. Children enrolled in Medical Home are assigned a primary care provider who understands their special health care condition and provides continuity of care. Each family member is also assigned a medical social worker who helps the family identify, access and coordinate the myriad of services that special needs children need in order to grow and thrive appropriately. Other health services provided to children in the Medical Home include nutrition, health education, developmental assessment and special education assessment.

**Eligibility:** Must be under age 21, chronically ill, disabled, and/or at-risk for developmental delay. Referred by CDTC Medical Director
